

COVID-19 Restrictions

These restrictions are in place to protect our workforce and yours

Here at Newsells Park Stud we will continue to accept walk in mares subject to the following conditions;

- All paperwork is emailed to isobel@newsells-park.com prior to the mare's departure from their home stud. This is to include the passport copy (front page, markings and flu pages).
- The driver / accompanying person(s) remain in their vehicle at all times
- In the event that the driver or companion needs to use the facilities they **MUST** use hand sanitiser on **ENTRY & EXIT**.
- Foaling mares; ideally the foal should remain at home. **IF** it is necessary for the foal to accompany the mare to the cover, then we must be informed at the time of booking the cover, so that we can ensure that there enough team members to handle the foal in the covering yard.

These are the **ONLY** conditions under which your mare will be accepted to the farm. It is **CRITICAL** that you inform your driver as your mare will be turned away otherwise.

Thank you for your understanding.
